

PlanHero 2.0 Community Fridges Guide

1. Please check your inbox for an email from PlanHero to join the InKind Baking Project - Community Fridge group. If you don't see it, don't forget to check your spam! Click on the "Go to PlanHero" button to log in.

2. If you are already logged in, you will be directed to the InKind Baking Project - Community Fridges page with sign-ups. Just like other InKind Baking Project events, click on the fridge listing to view the details and sign up for the day you plan to drop off your baked goods.

Please note:

- The amount to bake should be smaller and packaged for households (rather than larger groups or individuals).
 - In addition to adhering to the guidelines for packaging and labeling the baked goods, we also ask that you add the date the item was baked to your label so that it is clear how long a donated item has been in the fridge.
 - Please limit bringing perishable baked items to the community fridges. Even if you are dropping off non-perishable items (such as cookies), it may be appropriate or requested by the partner that you place them in the fridge (especially during summertime).
 - Unlike our regular InKind Baking Project events, you do not need to coordinate drop-off times and dates with the fridge contact. Community fridges are open 24/7, and volunteers can pick the day that works best to drop off their baked goods. Please fill out [the post-volunteer form](#) and provide pictures as proof of delivery.
3. To view our regular event sign-ups, click “Groups” at the top of the page and select “InKind Baking Project - Events.” You can toggle back and forth between two types of sign-ups using the Groups.
